Make No Small Plans.

They have no magic to stir humanity’s blood and probably themselves will not be realized.

Make big plans; aim high in hope and work, remembering that a noble, logical plan once recorded will never die, but long after we are gone will be a living thing, asserting itself with ever-growing insistency.

Remember that our sons and daughters are going to do things that will stagger us.

Let your watchword be order and your beacon, beauty.
Think big.
