Dear Ms. Garrett:

Half Associates is honored to present the Georgetown's Trails Master Plan. *Building a Legacy with Our Trails* is meant to reflect the needs and desires of the residents of Georgetown. A significant amount of public input went into formulating this plan and as such the recommendations that were derived from the planning process convey what the residents of Georgetown deemed as important. This component of the Park, Recreation and Trails Master Plan details potential trail corridors throughout all of Georgetown and its ETJ. With the implementation of this Trails Master Plan, Georgetown will truly become an interconnected city with off-street trail facilities for recreation and transportation.

Half Associates is honored to have worked with you, the Parks and Recreation Department Staff, elected officials of Georgetown and the citizens of Georgetown. We are looking forward to building a legacy with Georgetown's trails.

Sincerely,

Half Associates, Inc.

Jim Carrillo, ASLA, AICP
Vice President, Director of Planning
